Horse Racing Alberta Statement Century Casinos Inc. Racing Entertainment Centre Licence application

Horse Racing Alberta is pleased that AGLC (Alberta Liquor and Gaming Commission) has provided approval for Century Casinos Inc. to move forward in the Racing Entertainment Centre Licensing process. This decision provides for security and stability for "A" Track Horse Racing in the Edmonton Market area.

The Horse Racing Industry in Alberta has struggled with uncertainty over the past several years compounded by the decision of Northlands to exit racing. While June 30th, 2018, closes a door on a long and proud history of racing at Northlands Park, it opens a door for a first class racing facility and growth for the Alberta Horse Racing and Breeding Industry.

Century Casinos Inc., the successful applicant to build, own and operate an "A" Track racing facility, is a proven operator with great success at Century Downs in the Calgary market. The Alberta Horse Racing and Breeding Industry looks forward with excitement and anticipation of the opening of Century Mile in 2018.
